CUSTOM & GENERIC
TEST TAGS

This is all but a small representative range of the most popular tags, we have many more, please contact us for any specific tag or label requirement you have as we have options to **suit your test and tagging needs!** This includes logo designs, colours and material styles as listed below.

## WCM-TT TAGS

Medium Duty Test Tags

♦ The great All Rounder - Suitable for Indoor & Outdoor Use

♦ Made from Cross Laminated High Density Polyethylene for superior tear resistance

♦ Self Laminating to protect printed information

♦ UV & Chemical Resistant

WCM-TM TAGS   WCM-TA TAGS

Heavy Duty Test Tags

♦ Formulated to withstand harsh Environment's

♦ **Extra Strong Adhesive for Added Durability**

♦ **Extra thick PVC to resist tearing**
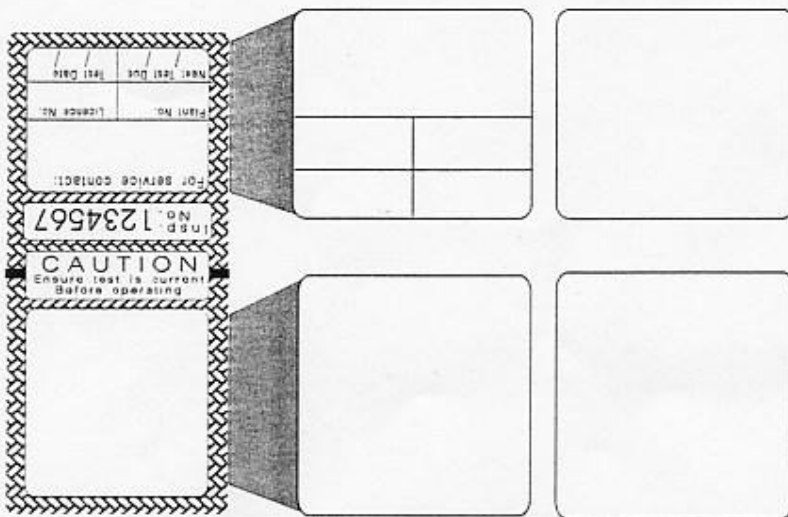

♦ **Ideal for Construction Sites & Factories**

Appliance Test Tags are available in 9 basic Test Colours. **Using colour codes make the appliances that require testing easily identifiable.** Test Colours can save you time when managing your Test & Tag schedule.

It is important to understand the significance of the colours & to select the right colour for your Test & Tagging requirements. Some applications require specific colour coding as outlined in legislation. It is important that you check with the Regulatory Authorities & the Applicable Australian Standard for exact requirements.
